STATINTL

Sir:

1. As you will recall, the Management Advisory Group (MAG) presented a list of services (Reference A) available at Headquarters which are not consistently available to other Agency facilities in the Washington Metropolitan Area. In my memorandum (Reference B) of 8 October 1975, I suggested that I would meet with appropriate officers from the Directorate, and MAG representatives to discuss the details of the problem.

2. This meeting took place on 21 November 1975, and attached for your information are the results of our discussion.

3. This meeting served a very useful purpose in assuring the MAG group that senior management is not only interested in problems which they raise, but in taking appropriate action toward their resolution.
